

# PROFESSIONAL BEER LINE CLEANER

**BL800**

## TECHNICAL INFORMATION SHEET

### PRODUCT DESCRIPTION

**BL800 Professional Beer Line Cleaner** is a high performance, powerful dual product offering cleaning and sanitising in an all in one application. Specially formulated BL800 Professional Beer Line Cleaner kills Bacteria and Yeasts ensuring beer stays in top condition.

### FEATURES AND BENEFITS

- An powerful, professional detectable beer line cleaner and sanitiser.
- Powerful blend of caustic soda and sequestrants designed to clean beer pumps and pipelines quickly and efficiently.
- Cleans and sterilises all plastic and stainless steel beer pumps, pipelines and tanks within the brewing industry.
- Ideal for use in breweries, pubs and bars. Suitable for use with beer, larger and soft drinks systems.
- Simple to use formulation leaving systems sanitised and taint free.

### INSTRUCTIONS FOR USE

1. Drain all beer, lager or soft drinks solutions from the system.
2. Dilute at a ratio of 1 part to 60 parts warm or cold water. (Using warm water will increase the cleaning action).
3. Fill the system with the mixed solution and leave to soak for 30 minutes.
4. If purple colouration vanishes pull through fresh liquid solution, repeat until the purple colour remains.
5. Rinse the system thoroughly with cold water until there is no trace of the purple colour.
