

# BACTIWASH HAND SOAP

**BW10**

## TECHNICAL INFORMATION SHEET

### PRODUCT DESCRIPTION

**BW10 BactiWash Hand Soap** is a high performance, water based bactericidal liquid hand soap and skin cleanser for hygienic hand washing. Specially formulated with a high active blend of surfactants, biocides and moisturising ingredients with a controlled foam level for maximum cleaning abilities.

### FEATURES AND BENEFITS

- A high performance surfactant blend and a bactericide for hygienic hand washing.
- Contains moisturisers that have skin care properties.
- Powerful formula removes the toughest of dirt and soiling.
- Provides excellent soil emulsification.
- Perfume free formula, eliminating the risk of tainting food.
- Particularly suitable for use in establishments where hand hygiene is a priority, including hospitals, care homes, clinics etc.
- Ideal for use in food environments.

### INSTRUCTIONS FOR USE

1. Place hands under warm water (ideally) to wet hands.
2. Apply one dose of BW10 BactiWash Hand Soap to wet hands and rub to form a lather.
3. Rub the lather into the skin, ensuring contact with the entire surface including the hand and wrist.
4. Ensure that you interlace the fingers to clean these areas. (Use a clean nailbrush to clean under the fingernails where applicable).
5. Rinse away with clean warm water and dry hands thoroughly with disposable paper.
