

# PREMIUM FLOOR POLISH REMOVER

**FPS20**

## TECHNICAL INFORMATION SHEET

### PRODUCT DESCRIPTION

**FPS20 Premium Floor Polish Remover** is a high quality formulation that produces a clean and receptive base for a new application of polish. Its low odour formulation has been specially formulated and is Ammonia free and has no harsh solvents in its composition. FPS20 Premium Floor Polish Remover is highly effective on both metallised and non-metallised floor polishes.

### FEATURES AND BENEFITS

- A high performance floor stripper to remove even aged on polish films.
- Ammonia Free and no harsh solvents in its formulation.
- Biodegradable and phosphate free.
- Fast acting, low odour liquid floor stripper.
- Effective on both metallised and non-metallised floor polishes.
- Ideal for all floor surfaces including linoleum, thermoplastic floors, PVC, rubber, sealed wood and terrazzo.

### INSTRUCTIONS FOR USE

#### Directions

It's vitally important to ensure that thorough preparation of the floor surface has been undertaken for optimum results to be achieved.

1. Use, clean fresh warm or cold water.
2. FPS20 Premium Floor Polish Remover should be diluted at 1:10
3. Thoroughly apply FPS20 Premium Floor Polish Remover to the flooring surface.
4. Allow up to 15 minutes to penetrate the floor surface to help remove dirt, grease and old polish films.
5. After 15 minutes has expired, scrub the floor surface thoroughly with a scrubbing machine with a nylon scrubbing pad or with a stiff brush.
6. Remove this solution from the floor surface by using a clean, fresh mop head or use a suction drier.
7. Rinse the area with clean, fresh warm or cold water and allow to dry.

### HEALTH & SAFETY

#### HAZARD AS SUPPLIED:

Causes Eye Irritation.  
Wear Gloves for Prolonged Use.

### HEALTH & SAFETY

#### HAZARD WHEN USED AT RECOMMENDED DILUTION:

Causes Eye Irritation.  
Wear Gloves for Prolonged Use.

## FURTHER INFORMATION

1. Before any polish can be applied to the floor surface ensure the floor has been thoroughly rinsed with clean, fresh water and allowed to dry thoroughly.
2. FPS20 Premium Polish Remover can be used UNDILUTED (by hand) for the removal of floor polishes in difficult areas and built up areas especially around room edges.
3. Apply FPS20 Premium Floor Polish Remover sparingly over a small area at a time, scrub the surface until the polish is loosened, then rinse with plenty of clean, fresh warm or cold water.
4. A second application of FPS20 Premium Floor Polish Remover may be required if necessary for heavy build-ups.
