HEALTH & SAFETY

HAZARD WHEN USED AT RECOMMENDED DILUTION:

Not classified.
Wear gloves for prolonged use.

PACK SIZES

SKU	Pack Size
439800	2 x 5L
439801	20L

Buckets

Manual ClearTrace SmartBlend Dosing System - firstly, add the required amount of clean fresh water to your selected bucket, from the ClearTrace SmartBlend Manual Dosing System locate the dispensing arm into or over the bucket and add 2 - 3 pumps (depending on the size of your selected bucket) of the FS15 Hygienic Floor Cleaner to the water in the bucket.

Automatic ClearTrace SmartBlend Dosing System - place your selected bucket under the dispensing arm or by holding the dispensing hose into or over the bucket, depress the button on the front of the dosing station and fill your selected bucket with the pre-diluted solution.

Cleaning

Trigger Bottle - with the pre-mixed solution, spray FS15 Hygienic Floor Cleaner directly onto the surface or disposable paper, leave for a few seconds to penetrate onto the surface, then wipe the surface to clean the area, discard the disposable paper into the correct waste stream, repeat the procedure to sanitise. Application takes approx 30 seconds to clean and sanitise surfaces.

Bucket - with the pre-mixed solution, apply the FS15 Hygienic Floor Cleaner directly onto the floor surface with a clean mop head, work the solution over the floor to remove soiling. Repeat procedure as often as required to clean the surface. Remove any excess solution with the mop head. Allow the floor to dry thoroughly before walking on or using the area.
