

PREMIUM DISHWASHER DETERGENT

PD10

TECHNICAL INFORMATION SHEET

PRODUCT DESCRIPTION

PD10 Premium Dishwasher Detergent is a powerful, premium detergent for machine dishwashing. Specially formulated it's a powerful, high quality product, designed to deliver consistent results in both hard and soft water areas. Ideal for washing cutlery, crockery, stainless steel and utensils and can be used as an effective detergent for tray wash machines.

FEATURES AND BENEFITS

- For use in all auto dilution dishwashing systems.
- A powerful detergent formulation effective at removing stubborn soilage and tannin stains.
- Rapidly breaks down grease, starch and protein.
- Effective in hard and soft water areas.
- Ideal for washing cutlery, crockery, stainless steel and utensils.
- Suitable for use in tray washing machines.

INSTRUCTIONS FOR USE

DILUTION

Insert the dosing tube directly into the container of PD10 Premium Dishwashing Detergent so that it reaches the bottom of the container. The ClearTrace Dishwashing Dosing Unit fixed to the side of the dishwashing machine has been pre-set to specific chemical concentrations. If customer is using their own Chemical Dosing System this will need calibrating to ensure Chemical concentrations being dispensed are correct. The ClearTrace Dishwashing Dosing Unit will automatically dispense the required amount of PD10 Premium Dishwashing Detergent into the machine.
