**Floor Cleaning – Machine – Light to Medium Soiling**

1. Only for use using a Scrubber Drier machine
2. Dilute with cold or warm water
3. Use at a concentration of 1:150.
4. Fill the water container on the Scrubber Drier Machine with clean, fresh water.
5. Fill the chemical container on the Scrubber Drier with SCB55 Scrubber Drier Detergent.
6. Dose the product into a bucket filled with water and pour the solution into the Scrubber Drier machine.
7. Use the Scrubber Drier to the Manufacturer's Instructions for best results.

**Floor Cleaning – Machine – Heavy Soiling**

1. Only for use using a Scrubber Drier machine
2. Dilute with cold or warm water
3. Use at a concentration of 1:100.
4. Fill the water container on the Scrubber Drier Machine with clean, fresh water.
5. Fill the chemical container on the Scrubber Drier with SCB55 Scrubber Drier Detergent.
6. Dose the product into a bucket filled with water and pour the solution into the Scrubber Drier machine.
7. Use the Scrubber Drier to the Manufacturer's Instructions for best results.

**SAFE HANDLING AND STORAGE**

See visual information on page 1.

Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.

Store in original container.

Avoid extremes of temperature.

**TECHNICAL INFORMATION**

Appearance:	Off White Liquid.
pH:	13.5.
Odour:	Characteristic Odour.
Solubility:	Fully miscible in water.
Environmental:	100% Bio Degradable.

The above data is typical of normal production and should not be taken as a specification.

**MATERIALS COMPATIBILITY**

Under recommended conditions of use SCB55 Scrubber Drier Detergent is suitable for use on most materials commonly encountered in industrial environments.

**OTHER INFORMATION**

Do not use on Alkali sensitive materials including aluminium and zinc etc.
